

Dear Mr. Miller,

I've been reading about the San Jacinto waste pits and I wanted to share my concerns with you.

I'm worried that an attempt to remove the hazardous material could create more problems and expose those of us who live downstream to additional danger. For this reasons I support the proposal to place a permanent cap over the waste pits.

Please place a permanent cap over the site that will prevent future leaks and keep our community safe.

Sincerely,

(b) (6)
